Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action. **Continuation of 4(e) Other:**

The Applicant is thanked for the Amendment (filed on 30 November 2007). However, at least one non-compliant amendment has been discovered in the aforementioned response, requiring attention before examination may continue.

C.F.R. § 1.121(c)(2) requires, "When claim text with markings is required. All claims being currently amended in an amendment paper shall be presented in the claim listing, indicate a status of 'currently amended,' and be submitted with markings to indicate the changes that have been made relative to the immediate prior version of the claims. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strike-through cannot be easily perceived. Only claims having the status of 'currently amended,' or 'withdrawn' if also being amended, shall include markings. If a withdrawn claim is currently amended, its status in the claim listing may be identified as 'withdrawn- currently amended.'"

The Amendment (filed on 30 November 2007) improperly seeks to delete text from a claim with the 'Previously Presented' status identifier (e.g., see Page 3, Claim 5, Line 3 of the Amendment filed on 30 November 2007).

Furthermore, C.F.R. § 1.121(c) requires, "Amendments to a claim must be made by rewriting the entire claim with all changes (e.g., additions and deletions) as indicated in this subsection, except when the claim is being canceled. Each amendment document that includes a change to an existing claim, cancellation of an existing claim or addition of a new claim, must include a complete listing of all claims ever presented, including the text of all pending and withdrawn claims, in the application. The claim listing, including the text of the claims, in the amendment document will serve to replace all prior versions of the claims, in the application. In the claim listing, the status of every claim must be indicated after its claim number by using one of the following identifiers in a parenthetical expression: (Original), (Currently amended), (Canceled), (Withdrawn), (Previously presented), (New), and (Not entered.)"

The Amendment (filed on 30 November 2007) improperly provides two separate and different listings of the claims (e.g., see Pages 2-5 versus Pages 6-8 of the Amendment filed on 30 November 2007).

The Applicant is respectfully requested to submit a single listing of the claims with markings to indicate the changes that have been made relative to the immediate prior version of the claims (i.e., the originally submitted claims, filed on 4 November 2003)

By such reasoning, this Notice of Non-Compliance is deemed necessary and proper at this time.

Please note: The amendments have not been checked to the extent necessary to determine the presence of all possible non-compliance errors. If additional issues of non-compliance are discovered at the time of a subsequent amendment, yet another Notice of Non-Compliant Amendment will be necessitated. Applicant's cooperation is requested in correcting any other errors of which Applicant may become aware.
